

BNC to BNC Cables

MHR-4 BNC Series

BNC Male to Male Four Conductor MHR - Mini High Resolution Cables

DESCRIPTION

The Extron **MHR-4 BNC Series** cables are four mini high resolution, 75 ohm, coaxial cables terminated with 75 ohm male BNC connectors that are each color-coded and wrapped in a single jacket. The MHR-4 BNC Series are ideal for applications using red, green, blue, and composite sync outputs for connection to an Extron computer-video interface, switcher, distribution amplifier, or data display projection device. The Extron MHR-4 BNC Series is NEC CL2 rated.

For cable specifications, see page 705.

MODEL	VERSION DESCRIPTION	PART #
MHR-4 BNC/3	3' (90 cm)	26-210-01
MHR-4 BNC/6	6' (1.8 m)	26-210-02
MHR-4 BNC/12	12' (3.6 m)	26-210-03
MHR-4 BNC/25	25' (7.6 m)	26-210-04
MHR-4 BNC/35	35' (10.6 m)	26-210-12
MHR-4 BNC/50	50' (15.2 m)	26-210-05
MHR-4 BNC/75	75' (22.8 m)	26-210-06
MHR-4 BNC/100	100' (30.4 m)	26-210-07

MHR-5 BNC Series

BNC Male to Male Five Conductor MHR - Mini High Resolution Cables

DESCRIPTION

The Extron **MHR-5 BNC Series** cables are five mini high resolution, 75 ohm, coaxial cables terminated with 75 ohm male BNC connectors that are each color-coded and wrapped in a single jacket. The MHR-5 BNC Series are ideal for applications using RGBHV signals for connection to an Extron computer-video interface, switcher, distribution amplifier, or data display device. The Extron MHR-5 BNC Series is NEC CL2 rated.

For cable specifications, see page 705.

MODEL	VERSION DESCRIPTION	PART #
